

New cables for WABCO System Diagnostic

WABCO has launched a new range of diagnostic cables to give you easier access to the diagnostic and to complete the test possibilities of the WABCO System Diagnostic.

These new cables provide direct access to special ECUs and enable the user a quick and comprehensive diagnostic session.

Range of new diagnostic cables		
WABCO number	Cable	Application
446 300 002 0		for ABS E UDS
446 300 003 0		for OBD Multiswitch
446 300 363 0		for ATC CAN
446 300 368 0		for MTS Y cable
446 300 369 0		for MTS direct diagnostic via the PCB with a 3-pin connector (MAN only)

More information about the diagnostic cables and solutions can be found at [WABCO Diagnostic Services](http://www.wabco-auto.com) on the WABCO Homepage www.wabco-auto.com.
