

Alternative solution for VCS Mixed Supply cable

449 314 cable family is no longer available.

This cable is used to split the Diagnostic Port into the Diagnostic Socket and the 24N supply.

Alternative Solution:

Use Junction Box e. g. 446 122 633 0.

Use 449 612 cable family.

Cut the cable and connect the 24N wires to pins 3 and 4 of 449 612.
