

NEW TRISTOP™ BRAKE ACTUATORS FOR SCANIA VEHICLES

As a global market leader in brake technology for trucks, trailer and buses, WABCO will launch a new range of Tristop™ brake actuators for Scania applications to the Independent Aftermarket (IAM).

This premium product was developed for a vehicle park of 900,000 installed OE devices since 2015 in order to offer a competitive plug-and-play solution customized for the needs of our WABCO customers.

WABCO Tristop™ actuator

PRODUCT NUMBERS AND CROSS REFERENCES

WABCO is covering following OEM variants, allowing quick and easy assembly.

Type	WABCO product number		Scania cross reference
	IAM	OE	
24/30	925 481 800 0	925 481 480 0	2494052
24/30	925 481 801 0	925 481 481 0	2494053
24/30	925 481 802 0	925 481 482 0	2494054
24/30	925 481 803 0	925 481 483 0	2494055
24/30	925 481 804 0	925 481 484 0	2494056
24/30	925 481 805 0	925 481 485 0	2494057
24/30	925 481 806 0	925 481 486 0	2494058
24/30	925 481 807 0	925 481 487 0	2494059

CABLE HOLDER CLIP FOR EASY ASSEMBLING

In order to bring more structure into your assembly, we recommend to install the following cable holder clip [893 510 000 2](#) which will provide an efficient way to attach cables securely while making them easy to detach when required.

This cable holder clip provides two main advantages including easy assembly, and assurance the cables are permanently fixed to the actuators which helps save space and time. The use of the clip will therefore result in more safety and reduce risk of cable damage.

Further it can be assembled on all actuators – brake chambers, Tristop™ cylinders, double diaphragm spring brake actuators (DDSB) and all actuator types 16, 20, 24, 27 and 30.
