MARKET INFORMATION

WABCO TPMS MANAGER IS NOW MULTIBRAND

WABCO TPMS (Tire Pressure Monitoring System) Manager is a sensor activation and readout tool which is now compatible with major truck, bus and trailer brands and also activates the main TPMS sensors and retrofit kits.

It allows you to read and activate the external and internal TPMS sensors to display ID, tire pressure, tire temperature*, battery status* and radio frequency. Combining all these features, the WABCO TPMS Manager offers functionality at an affordable price.

* Some sensors may not display temperature and battery status

WABCO TPMS Manager
300 200 001 0

FEATURES

- Displaying tire and sensor condition data
- Approximately 400 activations per full charge
- 5-year licence included
- Large, clear display
- Fast and easy to use
- Free upgrade of previous WABCO TPMS Manager to multibrand through the WebVT application**

** To update, install the WebVT application (www.wabco.info/i/1561) on a PC, connect the TPMS Manager via USB, and select "full update".
